Bad Stomach Sends Her to Bed for 10 Months Eaton's Gets Her Up!

"Over a year ago," says Mrs. Doris Williams, "I took to bed and for 10 months did not think I would live. Eaton's helped me so much I am now up and able to work. I recommend it highly for stomach trouble."

Eaton's helps people to get well by taking up and carrying out the excess acidity and gases that put the stomach out of order. If you have indigestion, sourness, heartburn, belching, food repeating, or other stomach distress, take an Eaton's after each meal. Big box costs only a trifle with your druggist's guarantee.

People riding by trolley between Norwich and Jewett are admiring the beautiful beds of mountain bluebells. A little way above the tunnel, across the river from the railroad. All the rest about is deep, unbroken green, and here is a delicate color of blue. The bush is growing close to the river's brim, and its beauty is thus reflected in the clear water of the Quabbin.

Friday morning three small girls, evidently from the lower East Side district of New York, came up on the boat train in charge of a woman. They were bound somewhere up the line for a little distance, much needed change from the atmosphere of Grand and Delany streets. It was their first sight of the country. The morning had been very dry after an electrical storm, hence it was just getting light as the train emerged from the tunnel. One of the girls, the tallest and saddest looking, was the first to spot the great laurel bloom, the first thing after the darkness of the tunnel was past. She clasped her hands under her chin and flattened her nose against the glass. Another sitting near were agreed that the looks of almost worshipping admiration that could be seen in her dark eyes were well worth the price of admission.

The fact that the A. A. Young, Jr., fire company went into the town of Lisbon Sunday on the commendably humane errand of assisting the Rhode Island fire help was possible to save burning property has proved the incentive for two sorts of criticism. First, there are those who believe the fire company should be confined to their own territory. It is a pleasant fact to learn that this sort of a critic is decidedly in the minority. The other is the criticism voiced by the very great majority of borough people; they are saying there should be no obstacle to the fire company coming to the aid of a side appeal for help. The firemen saved Mr. Brown's house in Lisbon by being on the spot in time. At the Bugbee fire last Fourth of July in Ryndland where they did what they could, which fact was substantially acknowledged by both Mr. Bowen and Mr. Andrews; the latter man owns a house next to Bugbee's. If there had been a stiff wind from the south, the whole of the handsome suburb of Ryndland would have been destroyed, only for the fire company's timely arrival. It is the general belief that the Foreman of the company should have power to act as he deemed necessary. He is a man

Mrs. Hazel Rounds Tells How Cuticura Healed Fimples

"I was troubled with pimples on my face and some which would itch and burn terrible, and sometimes I could not sleep nights. They were red and sore and I could not wear long showed dresses because the skin aggravated them and made them worse."

"I tried several different remedies without results. Seeing an advertisement for Cuticura Soap and Ointment I went for a free sample and was relieved so much I bought more. In less than a month I was completely healed and I only used one cake of Cuticura Soap and half a box of Cuticura Ointment." (Signed) Hazel Rounds, Freedom, New Hampshire.

of judgment and there seems to be no end of combining the town to locate the borough officials. Last winter Worcester asked aid of Boston for the latest city seal, a big automobile engine 44 miles in answer to the call for help. The chief of the fire department didn't have to convene the city government to do it. His action and that of the men he sent was highly commended. Foreman Wakeley should have power to act as his judgment decides, and it is a sure thing that no other humane man, will be deaf to an appeal for outside help.

Sunday morning at the Baptist church Deacon John E. Phillips, the clerk of the church, read the resignation of the pastor, Rev. Myron B. Fuller, which is to be noted upon at the July covenant meeting. The church is to take effect the last Sunday of October.

Mr. and Mrs. John Potter are leaving today (Tuesday) for an automobile tour through Maine and New Hampshire, during which they will visit the White Mountains and attend the 100th anniversary of New Hampton Institution, also the commencement exercises of Bates College. Mr. Potter is a member of the graduating class.

SYKES PICTURE PRESENTED TO CONNECTICUT COLLEGE

The presentation to Connecticut college of a \$1,500 oil painting of the late Dr. Frederick Sykes, by the late president of the college, was one of the notable features of the class day exercises held on the Plain-Blackstone quad Monday afternoon and of the commencement exercises of Bates College Monday afternoon at the college.
